बागवानी - आहारार्थ, आर्थिकतायै, आरोग्यार्थ, आयुष्यायच।

कैरोड्यूमिके- अकार, आरोग्य, आदाय मुक्त आयुष्यकारी

HortiConnect Global Private Limited is India's premier international platform focused on positioning horticulture as the future of agriculture where sustainability, health, green economic growth, and innovation converge. This landmark three-day event will bring together farmers, scientists, startups, policymakers, buyers, and global stakeholders under one roof to catalyze the transformation of Indian horticulture from a fragmented, under-recognized sector into a globally competitive, digitally empowered, and regenerative force in food systems.

## PURPOSE & VISION

India stands at a unique crossroads: rich in biodiversity, traditional wisdom, and production capacity—but underleveraged in global markets, digital adoption, and value addition. HortiConnect Global aims to close this gap by creating a unified platform that connects local strengths with global opportunities, and empowers producers to become brand leaders in the new horticultural economy.

### Industry-Driven Initiative

A non-commercial platform setting new benchmarks in horticultural expos.

### International Gateway

Connecting global and local stakeholders to showcase

### Partnership Hub

Building sustainable partnerships across the horticulture sector.

### Innovation & Demos in Pavillions

Startups, research breakthroughs, agri-exports, AI-IoT applications

### Felicitation to Achievers

Honoring achievers with special felicitation for their excellence, innovation, and remarkable contributions.
